**Why is the cost of the Jamboree so high?**

A camp with 40.000 people attending requires logistics and infrastructure to be put in place at the camp site, to ensure the safety of all participants, leaders and IST.

Furthermore, the aim is to make it possible for scouts from the whole world to participate. As living standards differ vastly there are four price categories for the Jamboree, and Luxembourg is in the highest category, enabling scouts from other parts of the world to participate.

In addition to the camp fee, there is the cost of transport, necker and badge, administrative costs and a reserve fund to secure that financial obligations of the trip are met. The Contingent Management Team is working hard to decrease the cost and hopefully we will be able to reduce the price.

As part of the Jamboree experience, the units are expected to plan their own fund raising for participants and leaders alike.

**Post-trip:**

---

We are currently working on possibilities of a post-trip. Information and cost will be shared when the plans have been somewhat finalized.
